

U.S.-Turkey 5G Workshop Series

SUPPORTING CONNECTIVITY
THROUGH PARTNERSHIPS

VIRTUAL
WORKSHOP

TUESDAY, SEPTEMBER 28, 2021 8:00AM to 11:00AM EDT
WEDNESDAY, SEPTEMBER 29, 2021 8:00AM to 10:30AM EDT

The U.S. Trade and Development Agency (USTDA) is sponsoring the **U.S.-Turkey Virtual 5G Workshop: Supporting Connectivity Through Partnerships**, on September 28-29, 2021. The workshop will promote cooperation between public and private partners from Turkey and the United States in the information and communications technology (ICT) sector, specifically related to 5G.

Turkey's ICT sector has undergone significant changes over the past decade. Advancements in technology, increasing customer demand, and the government's prioritization of ICT has driven significant modernization of the sector. This momentum has recently continued with the Turkish government allocating funds from its ICT budget to support the deployment of 5G.

Attendance at this event is limited to U.S. and Turkish individuals, firms, or consultants as defined by USTDA's Nationality Source and Origin Requirements available on USTDA's website at www.ustda.gov.

REGISTER

BCIU is organizing this virtual workshop on behalf of the USTDA. For more information, please contact Nina Kundra (nkundra@bcIU.org) at 917.442.9682 or Gaetan-Nicolas Bernimolin (gbernimolin@bcIU.org) at 646.925.7202.

TOPICS OF DISCUSSION WILL FEATURE

- 5G rollout and deployment
- Case studies in adopting 5G for public administration and services
- Financing 5G projects and deployments
- Deploying an open 5G ecosystem
- 5G regulatory and legal frameworks

ATTEND THE VIRTUAL WORKSHOP TO

- Form new business partnerships
- Learn about upcoming project opportunities in Turkey
- Understand the landscape of the ICT sector in Turkey
- Learn how to participate in the country's 5G rollout
- Showcase U.S. innovative technologies and solutions
